DRY BLOWING MACHINE.

HEAD'S PATENT.

ITS MECHANISM IS SIMPLE!

THERE is no gear to get out of order. The Machine, when packed, occupies a space of 36 inches by 21 inches by 15 inches, weighs only 106 lbs, and durable, the workmanship and material being of the best.

ITS PRICE IS REASONABLE!

And within the reach of any Miner. It treats more dirt in a given time than any other Machine, and saves the finest reef or flour gold.

N.B.—This Machine is easily adapted to use on Quartz Tailing, working very satisfactorily with any dry crusher, doing away with the usual necessary water.

ADDRESS—

R. W. HEADS, PATENTEE AND MANUFACTURER,

MOUAT STREET, FREMANTLE (close to the Railway Station).
