**ASSOCIATION OF PROFESSIONAL ENGINEERS OF AUSTRALIA
WEST AUSTRALIAN BRANCH**

The Association was formed in 1946 as a federal body, with branches being established in each state shortly afterwards. Members were required to hold academic qualification acceptable to the Institution of Engineers (Aust). The aims of the association were to obtain and support an appropriate standard of living for professional engineers through a suitable salary structure, and to improve the standards of engineering service to the community.

The Papers

The records were donated to Battye Library by Mr F E Watson (federal councillor, a member of the WA branch committee, and the convenor of the group appeal sub committee of the West Australian Public Service) on 28 July 1986 (7110A).
