## ERICKSON, Frederica (Rica) Lucy, nee SANDILANDS, 1908-2009

Dr Rica Erickson was one of Western Australia's renowned historians and authors. Born in 1908, she was educated in the Goldfields and trained as a teacher. She married Sydney Erickson, a farmer, in 1936 and raised four children. From 1951, Dr Erickson published four books on botany, she later wrote historical biographies. Her greatest undertaking, however, was the monumental five volume "Dictionary of Western Australians 1829 - 1914". Dr Erickson was awarded the OAM, an honorary Doctor of Literature from the University of Western Australia and was named West Australian Citizen of the Year.

This collection consists, mainly, of research material for Dr Erickson's published works.

ACC 8588A contains some personal papers of Dr Erickson
