BA342/	2464	A. Taylor	Swan River. Perth. Steam mill. Mt Eliza. Pt Belches. The Swan River scene depicted in the reproduction of a water colour by artist A. Taylor bears a notation indicating that the painting was made from the windows of the St. George's Terrace house of a Mr. Croft near the intersection of William Street, which street may well be the lane in the left foreground running down to the river. The old South Perth Mill is shown on the left, and the Mill Street Jetty, long since demolished, is in the middle foreground. Beneath the slopes of Mount Eliza an old steam mill operated by John Schoales and George Nash is seen on the site now occupied by the Swan Brewery	1850

BA342/	3207	Westlake Photo Service	Singapore. West Australian Schoolboy Soccer Team. Happy boys - they are going to meet the Tunku. One of the best surprises for the touring Western Australian Schoolboys Soccer Team when they arrived in Singapore over the weekend was to find out that they have been invited to have tea with the Prime Minister of the Federation of Malaya, Tunku Abdul Rahman next Friday, May 17. The boys made this exciting discovery minutes after Mr Gurchan Singh of the Prime Minister's Dept handed them their tour itinerary at the airport. Mr Gurchan Singh has been one of the people instrumental in organising this tour - together with the Western Australian High Schools Soccer Association. The tour has been underwritten financially by the Swan Brewery of Perth	n.d.

BA342/	3248			EMMERTON, Bill. Emmerton's 952 mile run was the longest run recorded in Britain, undertaken on consecutive days. In other words, Emmerton ran further, continuously (except for food and sleep), than any record book in Britain shows. His nearest competitor was an Englishman called James Musgrave, who ran about 860 miles in 1961. Musgrave holds the record for a John O'Groats - Lands End run. Emmerton took a longer route than Musgrave	ca1961
